

Powder Ridge Alpine Race Team

Information & Registration 2025-2026 Season

Developing young athletes With a passion for skiing...

The Alpine Race Team program is a component of the Powder Ridge Ski School and Team Tonkawood. All coaches work with the Powder Ridge Ski School and Team Tonkawood and have been trained in ski instruction as well as ski racing. This program is organized by the Minnesota Snow Development League (MSDL) and is comprised of seven ski areas: Andes Tower Hill, Buck Hill, Mt. Kato, Powder Ridge, Welch Village, Trollhaugen and Wild Mountain. This developmental level of competitive racing is often referred to as the “D-Team”. This manual provides information regarding the mission, general program information, expectations of participants, curriculum, concussion policies, and the season’s schedule. Registration forms are provided at the end of this packet. All questions can be submitted via email to skischool@powderridge.com or feel free to call Powder Ridge at 320-398-7200

Mission Statement

The Tonkawood/Powder Ridge Alpine D-Team aims to provide children with the opportunity to advance their skills in alpine ski racing. The Alpine D-Team also seeks to achieve:

Create a fun environment that develops a strong sense of community and team spirit.

Teach young athletes to be responsible skiers and to participate in fair play and honorable competition through an activity that supports a healthy lifestyle and lifelong participation.

Be Instrumental in inspiring young ski racers to do their best and develop their skiing skills through learning to race slalom and giant slalom.

Our goal is to see our athletes finish the day with a smile, knowing that they have given their best and had a fulfilling experience.

General Program Information

It is D-Team Policy that skiers must be able to load and ride the chairlifts without help and at a minimum be able to ski on the intermediate slope called Single Cedar at Powder Ridge without assistance. Team members must have the ability to manage themselves while at Powder Ridge or at other ski areas we race at or have parent/guardian supervision. Including but not limited to bathroom breaks, snack breaks and lunch breaks. With the number of racers and the amount of space involved it is impossible for our coaches to always supervise each racer.

Please see the practice schedule on the following page.

2025-2026 Powder Ridge Race Team Schedule

- Saturday, December 6th – Practice 9:30AM-2:00PM
Saturday, December 13th – Practice 9:30AM-2:00PM
Saturday, December 20st – Practice 9:30AM-2:00PM
Saturday, January 3th – Practice 9:30AM-2:00PM
Saturday, January 10th – Race at Andes, Time TBD
Sunday, January 18th – Practice 9:30AM-2:00PM
Saturday, January 24th – Race at Powder Ridge, Time 8AM
Saturday, January 31st – Practice 9:30AM-2:00PM
Saturday, February 7th – Race at Trollhaugen, Time TBD
Saturday, February 14th – Practice 9:30AM-2:00PM
Saturday, February 21nd – Practice 9:30AM-2:00PM
Saturday, February 28th – Race at Mount Kato, Time TBD
Saturday, March 7th – **End of the Year Fun, Time TBD**

Expectations of Participants

We hope that racers enrolled in our program attend as many practices and races as possible; however, we recognize that family and other commitments may take precedence on some days. The race program's philosophy is a mix of Professional Ski Instructors of America (PSIA), the Primary Movement Teaching System (PMTS), and the United States Ski Association (USSA), but most importantly we promote Safety, Fun and Learning. The Alpine Race Team is focused on creating well rounded skiers utilizing a fun environment. To that end, it is the expectation that all skiers who participate in any of the Alpine Race Team activities should adhere to the highest standards in personal conduct. This includes but is not limited to the following:

Tonkawood/Powder Ridge Alpine Race Rules*

1. Be a responsible skier and always practice safely.
2. Always act courteous while skiing, whether at practices or races.
3. Always try your best to finish every run.
4. Expect to do lots of drills to improve your skiing.
5. Expect to have fun every day and you will!

** Failure to meet the expectations of these rules could result in dismissal from the race team without a refund of team fees.*

MSDL Rules*

1. No racer may hold a USSA card and race MSDL races simultaneously. However, racers may elect to race USSA races prior to/after the MSDL season or for approved fundraiser races hosted by USSA.
2. Age groups will be determined by the child's age as of September 1st.
3. Skiers compete against their own age and gender within age groups as follows: 6 and under, 7, 8, 9, 10, 11, 12, 13, 14, 15-18
4. Racers 9 and under will race using soft stubby gates. This puts a premium on modeling proper technique used with full size gates at older ages.
5. FIS etiquette at all races: No shadowing courses, racers must stop between gates when inspecting the course, and no pre-running the course.
6. Conduct exemplifying fairness is expected at all times.
7. All race bibs must be worn and visible on race days.
8. Any racer may finish a run on one ski and have the time recorded as long as no gates were missed.
9. Each racer will have two runs in the morning and two runs in the afternoon.
10. Awards are determined by combining the best slalom and giant slalom time for each racer.
11. Team points are calculated at each race based on placing with first place receiving 5 points, second 4, third 3, fourth 2, and fifth place 1 point.
12. Awards will be presented after each race.
13. Registration for regular races begins at 9:00 AM with course inspection at 9:30 followed by the start of racing at 10:00 AM. Afternoon races are scheduled to begin at 1:00 PM and awards should be no later than 4:30 PM on race day. (Exact start times may vary but must be approved by the coaches of all participating teams).
14. Registration for the Championship race begins at 8:00 AM. Course inspection begins when the lifts open and the race will begin approximately 30 minutes after the courses have been opened for inspection.
15. In case of inclement weather, contact the host ski area. Races will be held unless the ski area closes.
16. The league does mandate helmets.

** Failure to meet the expectations of these rules could result in dismissal from the race team without a refund of team fees*

Curriculum

In parallel with the Powder Ridge Ski School the Alpine Race D-Team Program utilizes principles from the PSIA and PMTS instructional manuals as well as stages of development created by USSA Alpine Race Development Program. The following outline is a guide used by our coaches to establish individual skier competencies and to generate a sound progression that will lead each skier to his/her full potential. These progressions are aimed at allowing each skier to advance at his/her pace and develop skills to match. These progressions are based on skiing skill, as well as chronological and morphological age. The PSIA instructional methods have deep roots in the Austrian developed “Stem Christie”; however, modern equipment has led us to adopt a more progressive sequence of movements that ideally would not include any form of wedging. If however, skiers have experienced the wedge as a basic platform, we work with that individual to get them out of the wedge as soon as s/he is comfortable. The USSA Development program has three simple phases upon which skiers can be evaluated. The following is a sequence used by our program to judge developmental levels of each skier.

Stage One: Stance - skier demonstrates a balanced stance and edge control for advanced skiing.

Stage Two: Mechanics - skier demonstrates the properly centered mechanics of a controlled carved turn.

Stage Three: Finesse - skier is able to consistently put together the components of technique based on the demands of the environment and demonstrate fluidity and vision while consistently performing at/or near the top of his/her age-competitive level.

Stage Four: Strategies - Skier is able to analyze a race course, conditions, anticipate speed, identify transitions, rhythm changes, proper line, and execute visibly flawless skiing.

Coaching Staff

Scott Yokiell // Head Coach

Scott grew up in Plymouth, MN, and attended Wayzata High School. He was the captain of both the University of Minnesota and St. Thomas ski teams. He now resides in Orono, MN, with his wife and their three children, aged 17, 14, and 6. An avid outdoorsman, Scott enjoys camping and spending quality time with friends and family.

Scott began his ski journey in 5th grade with Ski Jammers and went on to become a varsity skier at Wayzata from 1992 to 1995. He competed as a USSA FIS athlete from 1992 to 1996 and as a USCSA college athlete from 1995 to 2000, making three national appearances.

Transitioning to coaching, Scott served as the University of St. Thomas Alpine Ski Coach from 2000 to 2004, and as an assistant alpine ski coach at Wayzata High School from 2006 to 2008. He was a ski instructor at Tonkawood from 2011 to 2017, and a USSA ski coach at Mt. Gilboa from 2018 to 2020. Most recently, he has been coaching the D-Team/Tonkawood at Alpine from 2020 to 2022, and is currently the head alpine ski coach for the D-Team at Powder Ridge from 2023 to 2025. He holds a Level 100 USSA coaching certification.

Darin Goebel // Lead Ability Coach (U10+)

Coach Darin has been Alpine skiing and racing for over 20 years between D team, high school and college.

Darin Goebel, hailing from the snow-covered landscapes of Minnesota, has been a standout in the alpine ski racing community for more than 20 years. Growing up surrounded by the region's winter culture, Darin's passion for skiing began at an early age. His relentless drive and dedication to the sport led him to compete at higher levels, ultimately earning a spot on the University of Minnesota Duluth's ski team.

Darin is known for his aggressive yet calculated racing style. Excelling in both technical and speed events, he combines sharp technical skills with a fearless approach to downhill courses. His ability to adapt to challenging terrains and maintain composure under pressure sets him apart from his competitors.

Outside of racing, He is married with 2 children and they are just getting started skiing and lives in the northeast Metro.

Lori Rice // Lead Jr. Race Coach (U9-)

Lori Rice, a native of Minnesota, has made her mark in the world of alpine ski racing with her exceptional talent and unwavering determination. Growing up in the Midwest, Lori began her skiing journey on the local slopes, quickly developing a passion for the sport. Her natural ability and dedication propelled her to compete at higher levels, eventually earning her a spot on the University of Utah's prestigious ski team and even including being a member of the US Ski Team during her racing days.

At the University of Utah, Lori thrived in one of the nation's top collegiate skiing programs. Competing in NCAA-sanctioned events, she represented the Utes with distinction, contributing to team successes and earning individual accolades. Lori's time with the University of Utah further honed her technical skills, tactical acumen, and mental toughness, preparing her for future challenges both on and off the slopes.

Concussion Management Protocol (CMP)

The state of MN passed into law a concussion management program that has several components. All coaches working with youth, HS and collegiate sports must complete CMP educational training. The basic rule in all sports (which may be worded slightly different in each rule book) states that:

“Any athlete who exhibits signs, symptoms or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the contest and shall not return to play until cleared by an appropriate health care professional.”

Powder Ridge Winter Recreation Area, the MN State High School League and the State of MN highly recommend that every sport participant and parent should successfully complete the 20 minute NFHS online course Concussion in Sports—What You Need to Know. The course can be accessed at: www.nfhslearn.com or via CDC http://www.cdc.gov/concussion/headsup/online_training.html

Coaches’ Discretion for a Suspected Head Injury

If a coach detects any signs of concussion or suspects a head injury during practice or a race, the coach will ask the skier to stop training/racing for the day. The parent, for the safety of his/her child should not override that decision unless a licensed health care professional has evaluated the skier and cleared him/her for further participation.

Powder Ridge Alpine Race Registration Form

Name: _____

Age as of Sept. 1, 2025: _____ Gender: _____ D.O.B. ____/____/____

Street Address: _____

City: _____ MN, Zip: _____

Parents or Guardians: _____

Parent's Phone: _____ E-Mail: _____

Emergency Contact (If Different): _____

Health Insurance Company: _____

Policy Number: _____

Liability Release and Medical Release

I recognize that skiing and alpine racing are vigorous and potentially hazardous sports. I understand that the potential for serious injury or death is present in the sport of skiing and ski racing. By enrolling in the Powder Ridge Alpine D-Team, I release Powder Ridge and its employees and coaches from liability that could arise from participation in this sport. I also release Powder Ridge and its employees and coaches from liability that could arise from travel to and from any race events. All participants must be covered by their own health insurance. Powder Ridge does not carry any kind of health insurance for the participants. I give the directors and coaches of the Powder Ridge Alpine D-Team permission to obtain medical aid for my child in the case of injury or illness. I understand that every effort will be made to contact me if medical attention becomes necessary. I have read and understand and agree to the above medical and liability release.

Participants Name: _____

Parent or Guardians Signature: _____ Date: ____/____/____

Please note any medical conditions or special considerations you wish the coaching staff to be made aware of to assist the racer in optimal participation and performance:

Program Fees – Checks Payable to Powder Ridge

Price thru August 31st: \$450.00

Price from September 1st thru October 31st: \$475

Full rate begins November 1st: \$500

Required Informed Consent Form on Next Page

Informed Consent 2025-2026

As a current/potential race team member, you are invited to participate in The Powder Ridge Alpine D-Team Program that offers a unique opportunity of premium on-hill instruction for all its members. **Practice Days:** On-hill instruction is scheduled each practice day from 9:30 AM–2 PM. You should plan to be ready to ski at 9:30 AM, Breaks during the morning or afternoon time blocks may be dictated by inclement weather; otherwise, you as individual racers leaving the group will be unsupervised during your absence. Coaches will help you keep track of how long lunch will be and when practice is over at the end of the day which is 2:00 PM. (Note to parent/legal guardian: At the end of practice, coaches will try to ensure racers get to the chalet, but cannot take responsibility for the return of each racer to his/her parent/legal guardian at the end of each practice). Additionally, Team Coaches have the following expectations of each of its participant racers.

Racers must be able to:

- Ride the lift without assistance from a coach and/or parent helper.
- Negotiate your way down an intermediate slope while under control at all times.

Additionally, Racers will:

- (A)ct appropriately while at our home hill or during away races.
 - (B)e responsible for their actions.
- (C)ourteously respect coaches, other racers and skiers.
- (D)emonstrate sound judgment while interacting with all others.

Failure to meet the above responsibilities and/or expectations could result in dismissal from the race team without a chance for refunding of your team fees. Your signature indicates that you have read the information provided above and have decided to participate. You may withdraw from participation at any time without prejudice after signing this form. All Alpine D-Team members must have his/her parent or legal guardian co-sign this informed consent.
